Ho Chi Minh City, Vietnam

## PROFILE

Highly motivated final year student in Software Engineering with a strong foundation in front-end development. Experienced in building project features complex logic, routing and API synchronization. Eager to learn and apply my skills and passions on new platforms and make impact on real world projects.

## EDUCATION

**RMIT University Vietnam**

October 2021 – February 2026 (EXPECTED GRADUATION DATE)

Bachelor of Software Engineering

## PROJECTS

### Personal Portfolio Website | Personal Project

August – September 2025

- Develop and deployed a fully responsive personal portfolio website.
- Built component-based UI using React, JavaScript, HTML and CSS.
- Developed firmware in C++/Arduino to interface with a SEN0501 sensor via I2C, for temperature, humidity and UV
- Designed clean and intuitive user interface with focus on user experience.
- Managed complete deployment process on Vercel, linking a GitHub repository to establish a CI/CD pipeline.

**Technologies:** React, JavaScript, HTML, CSS, Vercel, Git.

### **HCMC Metro Operator Web Application** | Enterprise Application Development

February – June 2025

- Engineered a persistent and dynamic ticket cart using Redux, feature session persistence and real-time price updates.
- Implemented secure role-based navigation with React Router, enforcing strict access control for different roles.
- Built the application on a modular N-tier architecture, separating concerns and centralizing asynchronous API communications to ensure a scalable and maintainable codebase.

**Technologies:** React, Redux, React Router, JavaScript, Axios, Git

## KEY SKILLS

### **Technical skills:**

- Front-End Development: JavaScript, React, Redux, React Router, HTML, CSS, Responsive Design
- Languages: JavaScript, C++, Java
- Tools and Platforms: Git, GitHub, Docker, Vercel, npm
- Architecture and Concepts: N-Tier Architecture, State Management, Role-Based Access Control
- Development Methodologies: Agile, Scrum

### **Soft skills:**

- Teamwork and Collaboration
- Communication and Presentation
- Critical Thinking
- Problem Solving

## LANGUAGES

- Vietnamese: Native
- English: Fluent (Proven by TOEFL iBT Score of 94)
